Prayer for Season of Creation

In this Season of Creation, we pray that you would call to us, as from the burning bush, with the sustaining fire of your Spirit. Breathe upon us. Open our ears and move our hearts. Turn us from our inward gaze. Teach us to contemplate your creation, and listen for the voice of each creature declaring your glory. For "faith comes from hearing." Give us hearts to listen for the good news of your promise to renew the face of the Earth. Enlighten us with the grace to follow the Way of Christ as we learn to walk lightly upon this holy ground. Fill us with the hope to quench the fires of injustice with the light of your healing love that sustains our common home. In the name of the One who came to proclaim good news to all creation, Jesus Christ. Amen.

Please do consider giving your weekly collection by direct debit, standing order or through online banking if you do not already do so.

If you bank online, you can round up whatever you give weekly into a monthly figure or make a one-off payment. You can set up Direct Debit or Standing Orders through online banking using the bank details below:

Listen to the
Voice of creation
SEASON OF CREATION 2022

The **SEASON of CREATION** begins on the **1st September until the 4th October**. The Masses on the weekend of the 3rd/4th September celebrated our wonderful creation. During these days we are called to listen to the voice of creation, to pray and act as good stewards of this wonderful gift. We can all pray and we can all do some small thing to care for our earth.

For more information/ideas –

Today's readings call us to avoid frenetic obsession with work and possessions or to think that we can serve God and riches.

The present global situation engenders a feeling of instability and uncertainty, which in turn becomes "a seedbed for collective selfishness" (John Paul II, Message for the 1990 World Day of Peace). When people become self-centred and self-enclosed, their greed increases. The emptier a person's heart is, the more he or she needs things to buy, own and consume. It becomes almost impossible to accept the limits imposed by reality. In this horizon. A genuine sense of common good also disappears. As these attitudes become more wide spread, social norms are respected only to the extent that they do not clash with personal needs. So our concern cannot be limited merely to the threat of extreme weather events, but must also extend to the catastrophic consequences of social unrest. Obsession with a consumerist lifestyle, above all when few people are capable of maintaining it, can only lead to violence and mutual destruction.

To do: Plant trees, turn off unnecessary lights, re-use instead of discarding.
